

LITTLE ONGAVA

ETOSHA

Premier Wilderness Camp

Little Ongava is perched on the crest of a hill in the private 30 000-hectare Ongava Game Reserve commanding magnificent vistas of the African plains beyond. Arguably Namibia's most civilised and certainly most comfortable accommodation, exclusive without being indulgent, Little Ongava offers an extraordinary experience from which to focus your Etosha journey. Anticipate a warm welcome at this intimate and exclusive lodge, with only three spacious, private and luxurious suites each with its own plunge pool, en-suite bathroom, a 'sala', and outdoor 'al fresco' shower.

The dining and lounge area has a wonderful view of the waterhole below the camp and lends itself to relaxed, stylish dining under an African sky or under thatch. Day and night wildlife-viewing drives, visiting hides that overlook waterholes and walks with experienced guides can all be enjoyed exclusively on this reserve. Such game drives and daytrips into the easily accessible Etosha National Park are rewarding, with sightings of lion, elephant, gemsbok, springbok, hartebeest, and white and black rhino. Guests at Little Ongava share a dedicated guide and Land Rover, ensuring the best possible nature experience at one of Africa's great wildlife destinations.
